Project Name: Botanical Illustration

For my project, I want to create a site with multiple pages all about botanical illustration. The navigation will be at the top and each page will teach the reader about different aspects of botanical illustrations, including history, techniques, famous illustrators, and modern botanical illustration to tie it all together.

Page 1: Home

- Introduction to botanical illustration (what it is / why it matters)

Page 2: History of botanical illustration

Page 3: Techniques

Page 4: Famous botanical illustrators

Page 5: Modern botanical illustration
